OL. XXVI, NO. 219 GAINESVILLE, FLORIDA, WEDNESDAY, OCTOBER 20, 1909 TEN CENTS A WEEK

ON. FRANK CLARK HAS STRONG ENDORSEMENT

cksonville Floridian Admires Him For Having Manhood to Come Out and Tell the Truth.

e fail to see why so many pa- IN OTHER DISTRICTS should such delight in throwing stones he Hon. Frank Clark, the present gressman from this district.

hile there is now, and has been evidence for the past thirteen rs, a very conspicuous figure in forums of our party by the name RYAN, and while we have madly blindly followed him through l or woe for nearly two decades, is not also true that Mr. Bryan is the only Democrat in the Demo- ic party?

he wildest Populist in the West ld not possibly have been a more nsiastic supporter of this brill- Westerner than many of us in South.

t has it ever occurred to you Mr. Bryan's idols were never CIAL FRIENDS OF THE UTH?

PRESIDENT LINCOLN WAS, HAD A MIGHTY POOR WAY SHOWING IT.

hen why should the SOUTH be ing obeisance to the sheaves of Western Joseph?

ve we not already done our part? nd please explain to us why we uld continue to worship at the ne of one WHOSE INTERESTS E NOT OUR INTERESTS?

or old General Hancock, away back in 1880—in our own opinion—made the antemortem statement for the Democratic party when he said "THE TARIFF IS A LOCAL ISSUE!"

Someone has said that "Candor is a vice as well as a virtue." But we fail to see any vice in telling the truth.

In times when the South stood sorely in need of friends we cannot recall the moment anyone from Mr. Bryan's home of Nebraska ever came to her rescue.

But in those days of the Force Bill, and other of those damnable and dastardly stabs at the South, there was truly an intellectual genius in the form of Samuel J. Randall, from Republican Pennsylvania.

Mr. Randall was a Democrat—and a mighty good one at that. But don't you know HE WAS A PROTECTIONIST?

Mr. Randall also believed in doing the greatest good to the greatest number—provided that a greater number happened to be in his own district in Pennsylvania.

Again must we quote Ruth to Naomi: "Thy people my people!"

Old Sam Randall stuck to his people, and they kept on sticking to him.

Well—to make a long story short—we do truly believe Frank Clark has made a pretty good Representative for the MAJORITY OF THE PEOPLE of his district, and while we think he has done a few very foolish "Buttinski" stunts, IN THE MAIN we truly believe he has made an able and efficient Representative.

And this reminds us:

Just now we said something about President Lincoln. There is an old story of an office-seeker who called on the President and was given a message to Secretary Stanton. In due time the applicant returned and Mr. Lincoln asked: "Did you see Stanton?"

"Yes, Mr. President, I SAW him!"

"Well, what did he say?" inquired the President.

"I don't like to tell you, responded the applicant, but he said you were a DAMNED FOOL!"

"Now, did Stanton REALLY SAY THAT?"

"Yes, sir, he did and I can prove it!"

"Well," said Mr. Lincoln, "I tell you, STANTON IS USUALLY RIGHT!"

And that's just what THE FLORIDIAN thinks about Frank Clark and Winfield Scott Hancock and poor old Sam Randall and every other courageous man who has had the honesty and the MANHOOD to come out and TELL THE TRUTH and say that "THE TARIFF IS A LOCAL ISSUE!"

—Jacksonville Floridian.

DELL WINS BY 62 MAJORITY TUESDAY

ONLY ABOUT HALF OF THE FULL VOTE CAST.

Thirty-Four of the Ballots Were Spoiled and Thrown Out of Count.

The special city election called for the purpose of filling the vacancy of marshal, owing to the resignation of B. T. Arnow, passed over rather quietly, very little interest being displayed by either of the candidates until late in the afternoon, when both them and their friends began to work hard for votes and rally their supporters to the polls.

C. M. Dell, who has held the position of street superintendent for the past number of months, was the successful candidate, receiving a majority of 62 votes over his opponent and the present incumbent, H. L. Owens.

There were in all 400 votes cast and the result was as follows: C. M. Dell 214, H. L. Owens 152, with 34 spoiled ballots in the box.

Less interest was taken in this election than any other ever held in the city, outside of an election for trustees, and the small vote cast is attributed to the lack of interest manifested.

The race was one wherein no mudslinging or disagreeable features were used, and this fact was highly appreciated by the citizens.

KETTLE CALLS POT BLACK IN NEW YORK

Hearst and Bannard Making Whirlwind Campaign in Fight For Mayor of City.

NEW YORK, Oct. 19.—W. R. Hearst, independent nominee for mayor of New York, and Otto T. Bannard, the Republican nominee, both of whom are heading the fusion ticket, dashed through Harlem last night and delivered a series of rapid fire speeches in support of their candidacy. Hearst spoke four times at different places, and Bannard spoke thrice. Both candidates sped from one meeting-place to another in automobiles.

As has been his wont, Bannard confined himself to business issues and was brief; Hearst spoke at length and continued his denunciation of William J. Gaynor, the Democratic nominee, although he found time to refer to Bannard as a machine candidate.

"I have gotten into this fight to defeat both Gaynor and his Tammany machine, and Bannard and his Woodruff machine," he said, "and I do not want Mr. Bannard to forget in the heat and excitement of the campaign that he is just as much of a machine, but he is the candidate of the machine. He may not be the candidate of the same machine, but he is the candidate of the same kind of machine, and I, for one, cannot see the difference in blackness between the Tammany kettle and the Woodruff pot.

"Mr. Bannard was not nominated at the fusion conference. The fusion conference was broken up. He was not even nominated at the Republican convention. That has not yet been held. He was appointed and anointed the candidate of the noble order of Woodrufflans and created a knight of the checkered waistcoat at Jack's in the early hours of a September morning."

In the rest of his speech, Hearst defended himself against the thrust by Ex-Judge Gaynor that he was endorsed by Tammany when he ran for Governor against Hughes. "Grover Cleveland," he said, "was a consistent foe of Tammany Hall, yet he ran for Governor of the State on a Democratic ticket. I ran for Governor of New York State as much a foe of Tammany Hall as I had run for mayor a foe of Tammany Hall the year before.

henomenal Increase of Exports From Gulf Ports

ASHINGTON, Oct. 19.—The Bu- of Statistics of the Department Commerce and Labor has just is- a bulletin giving an analysis of commerce of Gulf ports for the years 1899 and 1909. It con- some striking facts with rela- to the growth of exports from eston, Mobile and other points. mmary of the facts made public previous report shows that this th has amounted to an increase o less than 112 per cent in a de-, while the increase of exports Atlantic ports was only 12 per in the same time. There has wide curiosity to learn in what es of commerce these increases occurred, and the present bulle- has undertaken to satisfy it. dly stated, the growth seems to extended to the exports of prac- all the products of the Middle West and Southwest and the South. As indicative as to what has been a general condition, it might be mentioned that in the ten years the exports of cotton at Galveston have increased from $57,500,000 to $116,000,000. The exports of corn from this port have also doubled in the decade.

The stories told of Sabine, Texas, a new customs district, of Mobile, Ala., of Pearl River, Miss., and of St. Marks, Key West and Pensacola, all in Florida, differ immaterially as regards growth of exports, from that told with reference to Galveston. The exports in a majority of cases of course are somewhat peculiar to the section, but they also comprise, as already stated, products of a very general character, and the destinations of these are as various as those of the leading Atlantic ports.

ailroads to Fight New Rule of the Commission

W YORK, Oct. 19.—With the r regulation of railroad account he Interstate Commerce Commis- which has come with the laying of rules by the commission rning the form of balance sheets the classification of expenditures additions and betterment, more protest is being made by some railroads against the require- of the commission. Some of most important systems in the try have refused to recognize right of the commission to re- the discretion of the directors matter of charges for depre- on of equipment and other simi- lar matters, and now formal protest is being made to the commission against the latest requirements in respect to balance sheets and expenditures for improvements and betterments. The Lehigh Valley has gone to the extent of registering its refusal to recognize the authority of the commission in this matter, and in a formal protest made to the commission, the text of which has just been made public, the management of that road suggests that it may resort to action in the courts, if need be, to escape compliance with these requirements of the Interstate Commerce Commission.

CANNOT COLLECT NOTE GIVEN FOR GAMBLING DEBT.

WASHINGTON, Oct. 19.—The supreme court of the United States yesterday refused to take cognizance of the case of Majors vs. Williamson, involving responsibility for a note given to pay a debt assumed in connection with a speculation on the stock exchange. The debt was contracted by Williamson in Memphis, Tenn., and a note was given with Mississippi real estate as security. The laws of the States of Tennessee and Mississippi prohibit gambling, and it was contended that under such laws the note could not be collected. The United States circuit court of appeals sustained this view and the effect of yesterday's ruling is to uphold the finding of that court.

President Will Have Big Time on Brother's Ranch

DALLAS, Texas, Oct. 19.—President Taft will remain in Texas until October 24th, paying visits to San Antonio, Houston and Dallas. He will spend four days on his brother's ranch, La Quinta, near Gregory. For months preparations have been under way for his reception, and he will have golfing, hunting, fishing and a review of his brother's fine cattle. It will be a fine opportunity for the President to recuperate from the fatigue of his long trip. He is to have real seclusion, as only a few of the members of the party will accompany him, and the newspaper men will have their headquarters several miles from the ranch. The only communication will be the private telegraph and telephone. The construction of the golf links was the greatest puzzle for Mr. Green, superintendent of the ranch. The Scotch game proved an unknown quantity. So Mr. Green brought on the amateur golf champion of Texas, Robert H. Connerly of Austin, and another expert, Frank M. Lewis of San Antonio, to decide where the President should play golf. The experts now have declared the links to be fit.

The President will hunt wildcats Mr. Green scoured Texas and got a pack of celebrated hounds noted for their fighting qualities. The President will have this thrilling hunting both during daylight hours and after dark. But he will not have to hunt on horseback. Several large automobiles recently reached the Taft ranch, and the President is expected to go on the chase in these. Some of the cowboys down there no longer shy at an automobile, and one or two of these will always be with the President to show him how to tree the cats and then finish them. Then there are lots of the "Billy Possums" on the Taft ranch. Because the President is partially responsible for bringing that animal into the limelight, the men on the Taft ranch naturally want him to enter the chase and land at least one. The 'possums down there are reported to be fat, and the President stands a good chance of getting more "'possum and 'taters."

Try to Collect Policy of Man Who Was Hung

WASHINGTON, Oct. 19.—The supreme court of the United States yesterday announced its determination to review the findings of the lower courts in the case of McCue vs. the Northwestern Mutual Life Insurance Company. This case involves the question as to whether the ordinary life insurance policy insures against hanging under sentence of the law. McCue is one of the heirs of the late Mayor McCue of Charlottesville, Va., who was hanged a few years ago on the charge of murdering his wife. The insurance company refused to make payment on a policy amounting to $15,000. The United States circuit court for the western district of Virginia decided in favor of the company, holding that death on the gallows was not one of the risks against which McCue was insured, but the court of appeals for the fourth circuit reversed that finding and held in favor of the McCue policy. The supreme court will go over the entire record and decide the case on its merits.

NEW DESK INSTALLED.

Commissioners Make Additional Improvement in Vault.

The County Commissioners have made additional improvements in the county vault by having a sheet iron desk placed in there to take the place of the table that has occupied the room since it was built.

In this new desk-table every available space has been taken up, and it was designed and made especially to take care of the county tax books, which are much larger and more cumbersome than the usual book. Some thirty of these compartments are fixed for each two tiers, and in all the new piece of furniture is a great addition to the room. Besides, it will take care of the books better and at the same time afford the commissioners a better desk for their use when they are in session.

The handsome cover for all of the steel work is of hard wood and slopes just the least to make it advantageous in writing and the easy handling of books.

SEASON SCHEDULE FOR THE UNIVERSITY

ONLY SEVEN GAMES ARRANGED FOR ENTIRE SEASON.

Stetson and Winter Park Among the Strongest Aggregations That Will Visit Here.

The schedule of football games arranged for the University with other teams during the coming season has been announced by Manager E. A. Taylor, who states that some good work will be seen on the field in Gainesville.

Coach Piles, who has been very busy since his arrival in Gainesville, has already shown what he could do with the boys, for the game on last Saturday clearly demonstrated just where a little practice had placed the boys, since their first game with the city, and while he is tutoring both the teams at the University he of course has picked a winning one for the first eleven.

Only a few games have been secured for the present season, but this list may be added to in time; and there will also be several games no doubt between the High School and University, while the town eleven will practice and afford some amusement for the people between these two teams.

Following is the schedule as arranged for the season up to the present time, and it will be seen that while only a few games have been secured the majority of them are to be played in this city, as follows:

Oct. 23—Olympics, Jacksonville.
Oct. 30—Rollins College, Gainesville.
Nov. 6—Stetson, DeLand.
Nov. 15—Rollins, Winter Park.
Nov. 20—Olympics, Gainesville.
Nov. 25—Stetson, Gainesville.

This will afford the people of this city an opportunity to see the greater part of the games that have so far been scheduled, but an effort will be made to secure more games before the season is over.

ARE CHILDREN HAPPY?

To some the above may seem a foolish question, but is it? Think of the number of children that commit suicide. There was the pathetic case the other day in one of our large cities in which a little eleven-year-old girl deliberately turned on the gas and killed herself. She left a pathetic note to her mother in which she said: "I killed myself because everyone is mean to me. I no longer want to live." In Germany the number of child suicides is rapidly increasing, just as it is in this country.

There must be reasons for this trend. What are they? Probably one is to be found in the school. Too many studies are given to the average child. They impose a severe strain upon the physical, mental and nervous system, with the result, as all know, that many children when they leave school are simply a bunch of nerves. From that to suicide is not unoften a short step. Then, too, the rush of modern life to some extent evidently affects children directly, and, indirectly, to a very great extent through hereditiary influence. The case of the little girl above cited indicates that teasing and meanness by some children and older persons are also by no means uncommon.

Childhood ought to be the happiest period of life, because it should be free from care. Doubtless most children are happy, but it is clear many are not. Fortunately the causes of this unhappiness suggest the remedies. Don't cram children with too much studies. Let parents take life easier, with less rush and bustle, and let no one be guilty of a mean act or word to a little child.

With all due respect to those who are having the property lines changed for the laying of sidewalks on East Union street we consider it a piece of ——— foolishness. What is the use of moving the fences north three feet on property east of Crawford & Davis' stables when every building west of S. J. Burnett's home on the same street is constructed of brick? Evidently those in authority do not expect to improve the appearance of the street by thus moving the lines. Original Gainesville was at one time uniform as to size of blocks, width of streets, etc., but such is not the case now—and the running of a few more lines for the laying of sidewalks will soon make it the most "zig-zag" town in appearance in the State. It would have been far better had the original property lines, as under fence for fifty years or more, been adhered to in laying sidewalks.

James R. Walsh, former bank president and then bank wrecker, has been denied a release by the court of appeals from his five-year sentence to a Federal prison. People will applaud or condemn that decision according to the light in which they regard the original sentence. But certain it is that when some rich or prominent man is put behind prison bars every effort is made by his friends to have him set at liberty, without regard to his guilt or innocence, and sooner or later they generally succeed. It is all wrong, and creates discontent because of the feeling that the law and clemency are stretched in favor of the wealthy criminal and denied the poor one. In the eye of the law there should be equality in practice as well as in theory.

The ground on which London is built is estimated to be worth three billion dollars and that by 1930 an increase of $175,000,000 in value will occur. Appears to be a good chance for some enterprising American real estate syndicate to pick up a few honest dollars.

Take Hall's Family Pills for constipation.

Indiana shows signs of resuming her traditional attitude as a doubtful State politically, an attitude which she maintained for many years up to 1896. The Republican party is badly disorganized in the Hoosier State, the Governor and most of the State officers are Democrats, and one Senator and eleven of the thirteen Representatives in Congress are Democrats. Senator Beveridge's seat in the Senate is endangered by the political conditions, and many Republicans are willing to predict that Indiana will go Democratic at the fall elections next year and choose a Democratic Legislature to name a successor to Beveridge. In the Indiana Legislature 50 Senators who will vote for Senator Beveridge's successor have already been elected. They were chosen at the election of 1908. A majority of the 50 are Democrats, so that it will be necessary for the Republicans to elect several more than a bare majority of the 125 members of the Legislature to be chosen next year.

Every town in the State should wage war against the English sparrow until the little pest are exterminated, for they are not only filthy little creatures, but destructive of other birds. Some years ago we called attention to the determined effort of the people of Orlando to rid their town of the English sparrow, and we are glad to note that their efforts have been successful, as shown by the following from The Reporter-Star: "Orlando has done one thing that every town of prominence has failed on, and that is to keep out the miserable English sparrow. These pests are distributed all over the country in box cars, where they go to feed and are shut in, so when the car is opened in another town they simply fly out, like any other tramp or hobo. Orlando has managed to kill them so successfully that now when freight trains stop in Orlando with them on board the conductors of the freights on the Atlantic Coast Line and the Seaboard railway say they refuse to get off."

Sentiment seems to be increasing in favor of calling a Democratic State Convention to decide "where we are at" regarding the issues of the times. The party has been "at sea" long enough, and it is high time a State convention gave expression to the sentiment of the people. Chairman Price favors the calling of a convention, we are informed, and it is probable that a call will be issued for the same when the State Committee again convenes.

A Blow in the Back—An overcoat is a necessary nuisance and the tendency to take it off on warmish days in late autumn and winter is as strong as it is unwise. A treacherous wind hits you in the back and the next morning you have lumbago. Rub well and often with Perry Davis' Painkiller and you will be astonished to find how quickly all soreness is banished.

HANDS AND FEET ITCHED 12 YEARS

Suffered Terribly from Eczema which Made Hands and Feet Swell, Peel and Get Raw—Arms Affected, Too—Gave Up Hope of Cure.

USED CUTICURA AND WAS QUICKLY CURED

"I suffered from eczema on my hands, arms and feet for about twelve years, my hands and feet would swell, sweat and itch, then would become callous and get very dry, then peel off and get raw. I tried most every kind of salve and ointment without success, only got temporary relief. As soon as I would leave off using them I would be as bad as ever. I tried several doctors, took arsenic for two years and at last gave up thinking there was a cure for eczema. A friend of mine insisted on my trying the Cuticura Remedies but, supposing they were the same as other 'cures' I had tried, I did not give them a trial until I got so bad that I had to do something. I secured a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and by the time they were used I could see a vast improvement and my hands and feet were healed up in no time. I used several bottles of Cuticura Resolvent. This was over a year ago and have had no trouble since. I think I am entirely cured. Charles T. Bauer, R.F.D. 65, Volant, Pa., Mar. 11, 1908."

A. C. L. TICKET OFFICE NOW BEING CHANGED

FORCE OF CARPENTERS AND WORKMEN ENGAGED.

Both Passenger Rooms to Be Enlarged and Toilets Placed in the New Building.

Work on the changes to be made in the ticket office and waiting rooms of the Atlantic Coast Line depot will be started this morning by Foreman Myers and his crew of carpenters who arrived Tuesday for the purpose.

The entire front of the building is to be changed and overhauled and the front part of the rooms will be made larger, making more and better room for the passengers who are compelled to wait over in this city any length of time.

The ticket office is to be moved to the center in front of the present room, which will extend deeper into the freight building some fifteen or twenty feet, and will be cut in half, making two large and separate rooms for the accommodation of passengers.

A number of toilets will also be installed in the building on either side for the accommodation of passengers, and the rooms will have two doors, one from the side and one from the front, making them much more easy of access and egress and more to the needs of the public.

The large baggage room will be in the rear, as it is at present, and with the number of other smaller changes that are to be made it is hoped to meet the requirements of the citizens and traveling public for some time to come.

ADVICE TO WOMEN

A Message Form a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexions and remove blackheads, crows' feet and other blemishes, through the use of cosmetics. This treatment fails because the trouble lies far deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system which finds its expression in sallow, muddy complexion, dark-circled eyes, general weakness of the system, and perhaps most plainly in the weeping of mucous membranes that is commonly called catarrh.

In fact this whole tendency is, properly speaking, catarrh. Banish this catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that which will cure catarrh.

Mme. Swift, New York, the famous beauty specialist known throughout the world and an accepted authority on all relating thereto, states that the one possitive and permanent relief for catarrh is Rexall Mucu-Tone. Here is her letter:

"I can strongly endorse the claims made for Rexall Mucu-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking energy and vitality, will use Rexall Mucu-Tone, they will praise as I do its strengthening and healing qualities."

Rexall Mucu-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflammation of which causes local catarrh. This remedy causes poison to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored and the membranes are cleansed and made strong. We know that Rexall Mucu-Tone does relieve catarrh. We positively guarantee to refund the money paid us for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexions. Price 50 cents and $1.00 per bottle. Mail orders filled. It may be obtained only at our store—The Rexall Store. J. W. McCollum & Co., corner East Main and Union streets.

The Manhattan Theatre Co.

The above company, direct from a phenomenal run of 16 weeks at Charleston, S. C., will open a three-nights' engagement at the Baird Opera House Thursday night, October 21st, in "Wyoming," a semi-military play of the rugged West. The company is headed by Mr. Gordon Hamilton in the role of Lieut. Belmont, and the supporting cast will include such well-known artists as Earl Highley, Jack Parsons, Ella Kramer, Bessie Kingdon, Al Massey and six others. While the company is a newcomer to this territory they come with record runs at Kansas City, of one season; Findlay, Ohio, for thirty weeks, and Charleston, S. C., for sixteen weeks to their credit. They also carry special scenery for every act of every play, with high-class vaudeville between the acts. Packed houses are looked forward to, as the management has overlooked no detail nor spared any expense in giving a metropolitan production at popular prices.

A Shaking Up

May all be very well so far as the trusts are concerned, but not when it comes to chills and fever and malaria. Quit the quinine and take a real cure—Ballard's Herbine. Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by W. M. Johnson.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

E TWENTIETH CENTURY CLUB

t Meeting Was One of the Most Enjoyable of the Club.

The Twentieth Century Club was ightfully entertained Monday after- n by Mesdames Jno. M. Taylor and M. Clark at their home on Mechanic eet.

After the minutes were read the icers for the year gracefully ac- ted their offices by a few well- ken remarks.

The determination of the club to llow the course of study as map- d out in The Bay View agazine (Italy and Greece) will lead very interesting study during the ar.

The feature of the afternoon which s most eagerly looked forward to s the president's address, in which rs. Taylor received hearty appre- tion for the many valuable oughts and suggestions for the ar's work.

With Mrs. E. M. Clark as leader, the llowing program was carried out:

The roll call responses on the cus- ms of Italy were full of interest.

The national hymn of Italy was well d by Mrs. Denby.

A paper on "My Trip to Italy" outes, expense, the ship, etc.), was d in a most interesting manner. true was her portrait of the route, cidents, places, and scenes, that we uld only wonder at her power of agination and so realistic was it all at one would think she surely had truth made the trip.

A letter by Rev. R. H. Morris on s trip to Naples, read by Miss Robb, oved most interesting and instruct- e.

Delightful and refreshing punch, rved by Mrs. Clark, completed a ost interesting meeting of the club.

THE FUNNY SIDE OF LIFE.

What He Forgot.

Harvey Loomis once went abroad to study music. He was a young man, and when, after a two-weeks' voyage, he landed in France, he was very homesick.

He stood it for two days and then booked his passage on the same ship and returned to America. When he rang the bell at his home in Brooklyn his sister opened the door.

"Why, Harvey!" she exclaimed, "what is the matter?" "Oh," he ex- claimed, innocently, "I forgot my toothbrush."

Not a Guide.

An Englishman having business in a certain Danish town arrived at the railway station. He inquired of a group of men standing near the way to the house he wanted, whereupon one of them offered to go with him and show him.

With recollections of what such a service meant in England he said, "I don't want a guide."

"But surely you asked us to show you the way," said one of them.

"Yes, but I don't want a guide."

"My dear sir, I am not a guide, I am the bishop."

Mary Garden's Man.

"I overheard a Russian princess talking to him on the moonlight ter- race," said Mary Garden.

"Do you dance?" she said.

"No;" he didn't dance.

"Do you speak French?" "No;" he only spoke American.

"Do you play bridge?" "No."

"Baloon?" "No."

The princess raised her aristocrat- ic eyebrows. "May I ask," she said, "what you can do?"

"I earn my own living," said the American.

The princess laughed gayly and ap- provingly. He was, and she knew it, the only man there who did.

WILCOX ITEMS.

WILCOX, Oct. 19.—W. J. Wilson's mother and sister of Alachua visited him this week.

Mrs. Arthur Chouse is visiting her father, D. T. Trammell. Miss Iva's many friends were pleased to see her.

Mr. Brown, representing the Brown-Jenings Hardwood Co. of Gainesville, was here this week looking after some business.

Dr. W. L. Lancaster made a busi- ness trip to Bell and Branford this week. He reports the farmers and merchants well pleased with the business prospects.

We would like to see one of "Dukes' Drizzles," or that is, a gentle shower without combination of cyclone or hail, as the gardens and hogs are not doing very well on acount of the drought.

A little want ad. will accomplish big results.

Let Me Tell You Something

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say:

Camden, N. J.—"It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy.

"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman—and this valuable medicine shall always have my praise."—Mrs. W. P. Valentine, 902 Lincoln Ave., Camden, N. J.

Erie, Pa.—"I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong. I hope all suffering women will just give Lydia E. Pinkham's Vegetable Compound a trial, for it is worth its weight in gold."—Mrs. J. P. Endlich, R. F. D. 7, Erie, Pa.

Since we guarantee that all testimonials which we pub- lish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffer- ing from the same trouble.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.
